**LETTER REGARDING ERROR IN PATENT TERM ADJUSTMENT**

TO THE COMMISSIONER FOR PATENTS,  
SIR:

Pursuant to Comment 43 of the rules listed in Federal Register Vol. 65, No. 181 at page 56387 (Sept. 18, 2000), Applicants hereby notify the Office that the term adjustment for the pending patent is thought to be longer than appropriate. The Office has indicated that the application is entitled to a patent term adjustment of seven hundred and twenty-one days (721), but Applicants believe that the correct adjustment is six hundred and ninety-one (691) days.

The Office mailed a Notice to File Missing Parts on September 28, 2001. A copy of the dated Notice is enclosed. A timely response should have been filed by Applicants on or before November 28, 2001. Applicants submitted a Response to the Notice of Missing Parts on April 11, 2002 by filing an Oath of the Applicants, filing a Small Entity Statement, and paying an additional filing fee. It appears from PAIR that the Office mistakenly calculated the submission of Applicants' Response as one-hundred and four days (104) overdue based on the November 28, 2001 deadline. It is believed, however, that the patent term adjustment should be reduced by one-hundred and thirty-four days (134) as a result of this late filing. Particularly, the Oath

and Small Entity Statement were filed 134 days after the end of the allowed two month period from the date the Office mailed its Notice to File Missing Parts. As a result, Applicants believe that the patent term in this application should be adjusted by six hundred and ninety-one (691) days.

Applicants believe that no fee is due for the filing of this letter.

Respectfully Submitted,

/Christopher M. Goff/
